

The Rambl'n Rec's were formed in the Spring of 1992 and a chapter of the Family Campers and RVers (FCRV). Most of us are located in the Denver Front Range area but do have some members well outside the Denver area. The Rambl'n Rec's have a variety of backgrounds, but our commonality is that we are retired..... or mostly retired. Our collective rigs include 5<sup>th</sup> wheels, travel trailers, and motorhomes of all sizes [tents are also welcome]. Our purpose is to promote fun and good fellowship.

We have campouts April through September with our camping week being Monday thru Friday.

Several of us choose to show up a day or so early and/or leave a day or two later. Occasionally we plan back-to-back campouts with multisite locations. Our camp week consists of potlucks, tours, lunch/dinner outings, sightseeing and other activities. Our evenings usually consist of campfire stories, table and yard games, s'mores, etc. Even though a lot of activities are organized, members are welcome to take off on their own. Those who enjoy golfing, walking/hiking,

fishing, biking, or shopping can easily find a small group of like-minded folks. Family members and well behaved grandchildren are welcome to tag along as your guest any time. October thru March we continue meeting once a month with luncheons and local activities at various locations.

If you have just started looking at our group, we hope you will find us to your liking. A vote will be taken after you have attended at least three functions to make sure you will be comfortable with us. Once you are an official member, we ask for participation from our members as a way of growing fellowship within our 'RV family'. And, because we are non-profit, members rotate turns planning a monthly function.

Through our many adventures of fun, food, and laughter, lifelong friendships have formed. We welcome new ideas and invite you to join our camping family. To get started with us, or any of the chapters of FCRV, fill out a membership application [<http://www.coloradofcrv.org/membership/>]. Add a note to the application ***you are interested in the Rambl'n Recs.***
